V2

WARNING

Adult assembly required.

WARNING

Maximum user weight: 220 lbs (100kg) per child.

WARNING

CHOKING HAZARD:

Adult assembly required. Keep small assembly parts out of reach of children.

 Use under adult supervision.

OBSERVE ALL STATEMENTS AND WARNINGS TO REDUCE THE LIKELIHOOD OF SERIOUS OR FATAL INJURY. SAVE THIS SHEET FOR FUTURE REFERENCE.

OPERATION INSTRUCTIONS

1. An adult should always supervise use of this product by children of all ages.
2. Instruct children not to attach items to the playground equipment that are not specifically designed for use with the equipment (examples: ropes, clothesline, pet leashes, cables and chain, etc) as they may cause a strangulation hazard or any other hazard.
3. Never allow children to use the equipment in a manner other than intended.

MAINTENANCE INSTRUCTIONS

1. Inspect the product periodically for loose or damaged components. **Tighten bolts if need.**
2. Check all connections and bolts for tightness at least twice monthly during the usage.
3. Check all coverings and bolts for sharp edges.

INSTALLATION INSTRUCTIONS

Please have an electrical drill available for assembly if possible.

If you have difficulty in installation, please contact us for help and get installation video for reference.

Please Ensure:

1. You are assembling with at least two people to ensure that all sides and parts are leveled.
2. You don't screw the parts in too hard or it will splinter the wood.
3. You follow the directions carefully.

CONTACT US BEFORE ASSEMBLY IF:

- You need assistance with assembly
- You need a replacement part due to a missing part or defective part

Call us at 888-697-3931 M-F 9AM-5PM PT

or email us at info@avenlur.com

Assemble steps

A: From page 1 to page 5

B: From page 6 to page 13

C: From page 14 to page 19

D: From page 20 to page 25

A+B+C: From page 1 to page 19 and page 26 to page 34

These are also Optional Additional Add-Ons that can be purchased separately, and they can be freely combined. When you purchase multiple sets of products, you need to lock the screws L first and then fix them on the wall.

When you only purchase frame **B**, please fix it on the wall according to page 10.

When you purchase multiple sets of products, you need to lock the screws L first and then fix them on the wall.

Please refer to pages 26 to 30 for assembly.

06-1

Remove all screws **C** and take down the frame.

07-1

The label is stuck to the front side.

Install Part **27** on the front side, and ensure its position as shown in the diagram.

N	8mm	1
P	17mm	1

Note: Make sure the blue seal rim on the nut is facing outward towards you. You may need to twist very hard to secure (and if needed spray WD-40) being that it's meant to be very tight and secure for children to climb on!

Rocks are recessed
in the frame

Note: Install the climbing board behind the frame. Pay attention to ensuring that the countersink holes of the frame are in the same direction as the climbing rocks as shown.

Screw all the **Q** nuts loosely first to get them in their place. Then tighten them afterwards. If some are too tight to begin with, the other rings will not have room to attach.

Q	 M8×20	12
R	 5mm	1

Wall

D

When you only purchase frame **D**, please fix it on the wall according to page 25.

When you purchase multiple sets of products, you need to lock the screws L first and then fix them on the wall.

Please refer to pages 26 to 30 for assembly.

When you purchase multiple sets of products, you need to lock the screws **L** first and then fix them on the wall.

When purchasing AVNLR-SWDSH-WALL-NAT-MOD-V2-79
please refer to the following steps to assemble.
No reference is needed for other SKUs.

The protruding end of the part ③ & ③⑤ need to
correspond to the hole of part ① when installed.
Fix the side with protruding end first.

A	 M7×40	12
M	 4mm	1

36

36

When you want to use part 28 ring, please take down part 29 rope ladder, tie part 28 ring with part 36 rope, and assemble it.

28

28

Note: The reserved length of the rope after knotting should be more than 1.97in here.

1.97in

Important Note:

Parts 29, 28, and 30 are not designed to be used together. Only one of these parts should be installed or operated at a time. Using more than one simultaneously may result in malfunction, damage to the device, or safety hazards.
